

ZOOM 'n GROOM

FLEA POLICY

Dogs that come to Zoom N Groom LLC Mobile Grooming Salon for a grooming appointment with fleas are immediately given a flea bath at an additional fee of \$15.00. In addition, there will be a \$10 charge for CAPSTAR – this will begin killing the fleas within 20 minutes to prevent our other grooming clients from getting fleas. We use Capstar along with a flea bath because fleas typically hide in the ears, nose, and anus during the bathing process. Although these fees may seem unusual, they are in place to prevent a flea infestation in our spa, and to cover the cost of the extra time it takes to sanitize our grooming areas when fleas are present and the extra time it takes to treat the fleas on your pet.
